

## **HTP FOUNDATION, INC.**

A Nevada Non-profit Corporation

### **MISSION STATEMENT**

**AND**

### **STATEMENT OF CHARITABLE PURPOSE**

#### Mission Statement

- To provide shelter and care for homeless and unwanted animals and to reduce the stray animal population by neutering and other humane ways.

#### Charitable Purpose

HTP Foundation, Inc. t/a A Happy Tails Planet <sup>TM</sup> is committed to providing financial, humanitarian, educational and material support to organizations engaged in animal welfare in various countries of the world.

We will carefully select facilities such as shelters and veterinary clinics internationally in need of our support. Our prequalification process will involve meticulous studying of potential facilities to see what type of assistance is required and how our funding would improve the welfare of animals. Once the facilities qualify to become recipients of our support, our organization will dedicate a representative who will travel to the area to provide the necessary support on location.

Most of our assistance will be provided in the form of financial assistance, medical and food supplies, and other necessities. A substantial amount of our time will be devoted to search for adoptive families for animals. We will also organize educational programs to promote animal welfare and raise the public's awareness about the humane treatment of domestic animals.

All of our activities are solely focused on providing animal welfare with no financial benefit or incentive to the members or directors of this organization.

We have the will and ability to put our efforts together to raise funds through fundraising activities. We anticipate to raise between \$25,000 and \$50,000 annually.
